Description
 Provide services to the South Platte Basin Roundtable and the Metro Roundtable to promote the the South Platte Basin Implementation Plan (BIP) and the Colorado Water Plan (CWP). CWA staff have identified tasks which have formed the basis for Public Education Participation and Outreach (PEPO) for the two Roundtables since 2018. Coordination and Facilitation –engage and inform Roundtable leadership, BIP Work Groups, WSRF Committees and other Roundtable PEPO liaisons. CWA will engage with existing community outreach programs to share Water Plan related information Communication – promote programs relevant to low water use landscape maintenance and Fire Ready Watersheds, maintain and update southplattebasin.com website, provide social media curation, create articles for publication and reports to Roundtables, PEPO and CWCB. Outreach – leverage existing outreach network and messaging to promote the goals of the Basin Implementation Plan and the Colorado Water Plan; curate social media posts and respond to stakeholder inquiries. We propose utilizing print and other social media to promote Colorado Water Plan and Basin Implementation Plan messaging to rural and agricultural communities. Project Management – communicate the annual plan, records maintenance, reporting and leveraging Water Supply Reserve Funds for outreach.
